

EWA BEACH SEWERS Section 4

ROGER BABCOCK, DIRECTOR
DEPT. OF ENVIRONMENTAL SERVICES

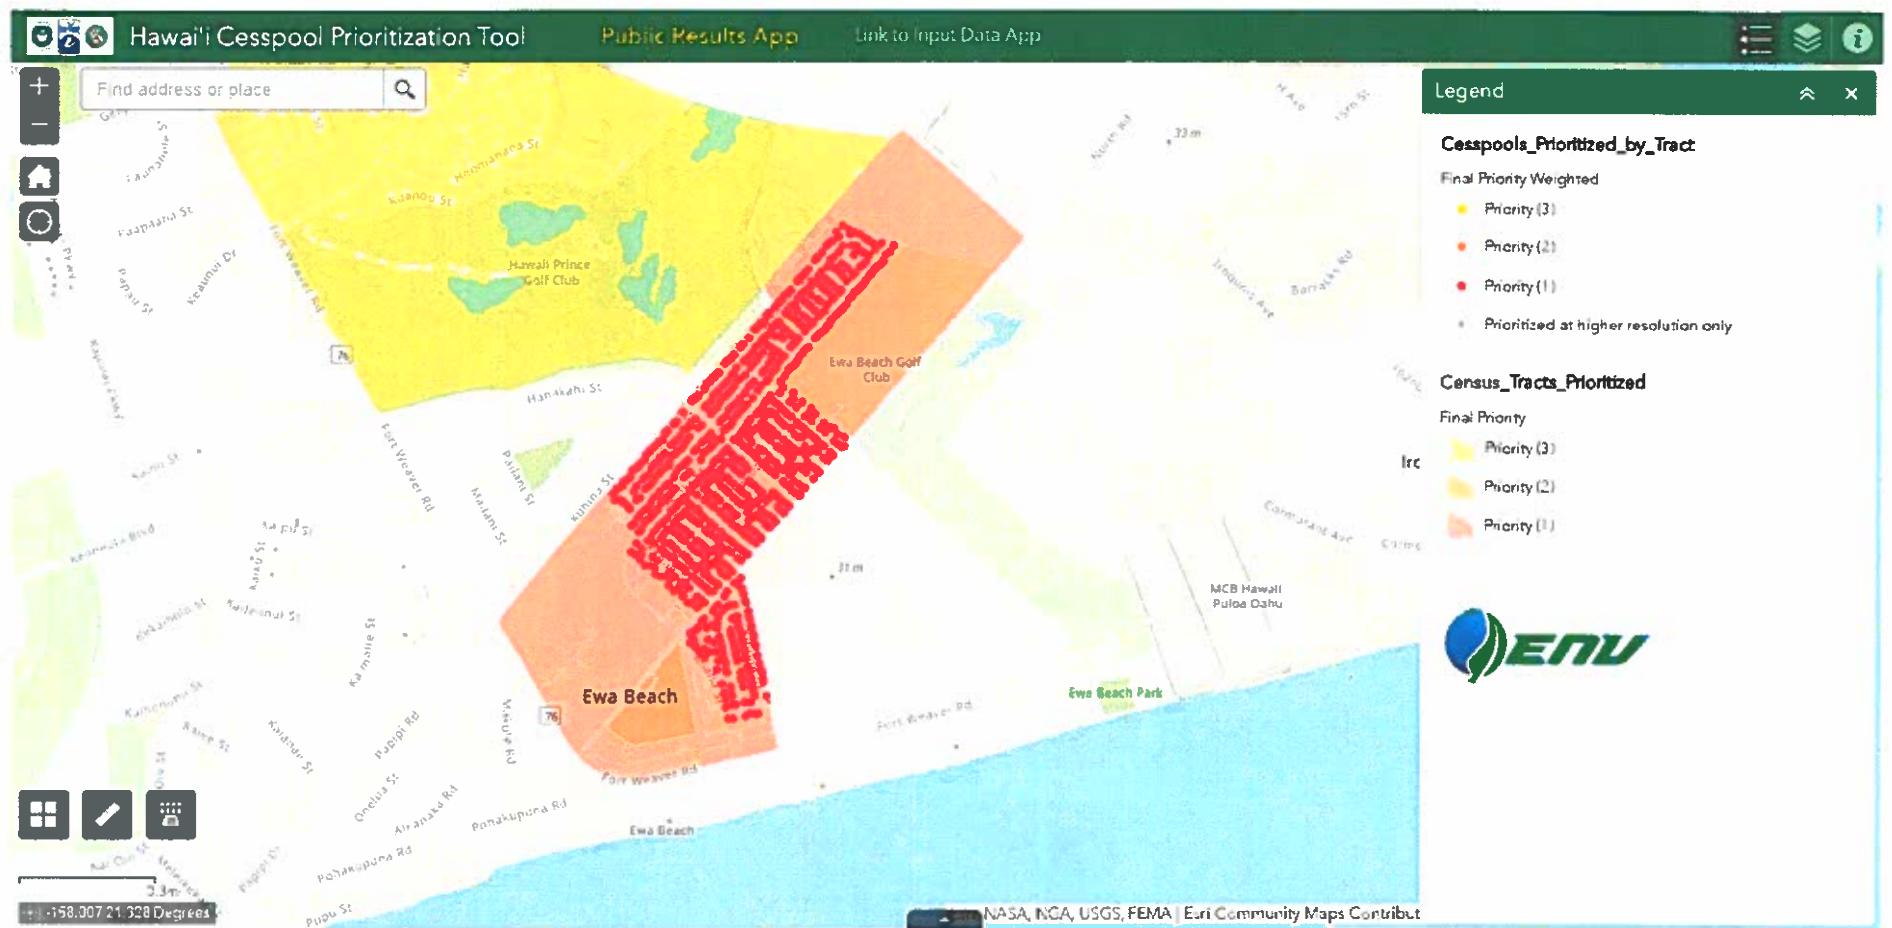

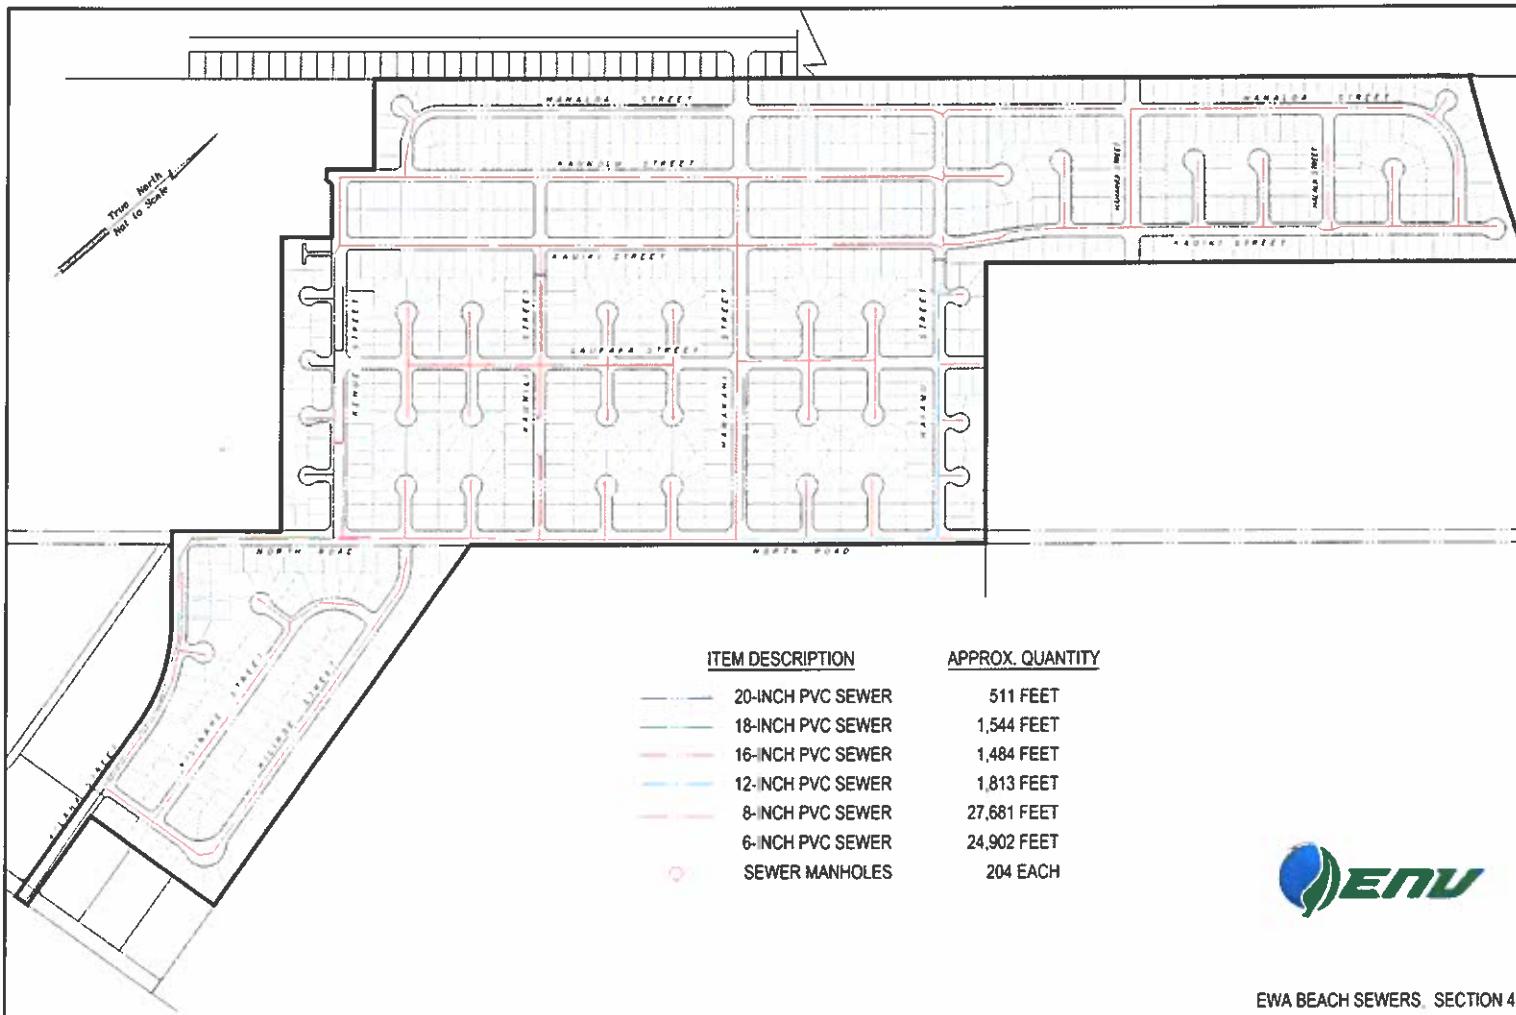

Introduction

The Ewa Beach Sewers, Section 4, Improvement District will design and construct a sewer collection system to service 976 residential zone R-5 lots, currently being sewered by private cesspools, on about 150 acres of land bounded by an existing residential subdivision, the Hawaii Prince Golf Course, the U.S. Naval Reservation, the Pacific Tsunami Center, Kilaha Street, and Kaimiloa Elementary School (Map Shown on the Next Slide). This site is the last unsewered pocket of existing development in the area.

HAWAII CESSPOOL PRIORITIZATION MAP

NEW COLLECTION SYSTEM

COSTS
